

# Tellabs® Software Subscription Plan

Providing a cost-effective path for receiving the most current software upgrades in a timely manner for Tellabs Optical LAN solutions

## Overview

The Tellabs Optical LAN is a simple, secure, stable, scalable and smart solution for the modern high-performance LAN. The solution includes Tellabs industry-leading Optical Line Terminals (OLTs), innovation-driven Optical Network Terminals (ONTs) and the highly efficient Tellabs Panorama™ PON Manager. The Tellabs Software Subscription Plan is a cost-effective means to receive all major and minor software upgrades for Tellabs Optical LAN solution throughout the duration of the subscription. In particular, the Tellabs Software Subscription Plan provides the latest software version of:

- Tellabs Base Software Release (including Tellabs™ Panorama PON Manager)
- Tellabs Advanced Availability Software Package
- Tellabs Advanced Operations Software Package
- Tellabs Advanced Security Software Package

## Benefits

The Tellabs Software Subscription Plan offers a simple and smart way to ensure that your Tellabs OLTs, Tellabs ONTs and Tellabs PON Manager are constantly performing at their highest level with all the most recent features and functionality. It also provides the following additional benefits:

- Provides a cost-effective path for receiving the most current software upgrades in a timely manner
- Aligns the known software upgrades costs with your annual budget cycles
- Allows you to be one of the selected few who are eligible to participate in Tellabs' Controlled Introduction Release software
- Enables priority participation in Tellabs' product house "Voice of the Customer," a new annual features assessment

Take the next step. Contact Tellabs today.

## Ordering Information

The Tellabs Software Subscription Plan entitles you to receive the Software Release and your chosen Advanced Software Packages upgrades for the term of the subscription. This Software Subscription Plan is provided in minimum increments of one-year terms and is renewable annually. The Software Subscription Plan is purchased with a new system (e.g., system = Tellabs OLT and subtended ONTs) or with a paid upgrade. The Tellabs Software Subscription Plan orderable part number is provided below [Table 1].

	Part Number
Tellabs Software Subscription Plan	SL30010
